

2023 Siskiwit River Preserve Projects

1. Trail widening/clean-up and potential construction over wet crossings.
2. Rehab to the orchard, pruning and clean-up.
3. Construction of steps and erosion control. Work to be done by Bayfield County Highway Dept.
4. Construction of steps to mitigate erosion on a steep portion of existing trails. Work to be completed by Trails Anonymous.
5. New trail construction following existing social trail. Construction of new steps using lumber as well as native materials. Work also to be completed by Trails Anonymous.
6. Signage and benches will be installed throughout the property.
